

MR Test

- Inverse variance weighted
- MR Egger
- Weighted median

SNP effect on Macrophage colony-stimulating factor 1 levels

MR leave-one-out sensitivity analysis for
'k_Bacteria.p_Actinobacteria.c_Actinobacteria.o_Coriobacteriales.f_Coriobacteriaceae.g_Collinsella' on 'Macrophage colony-stimulating factor production'

MR Method

- Inverse variance weighted
- MR Egger
